

END USER AGREEMENT

This End User Agreement ("EUA") forms an integral part of the accompanying Order Form ("Order Form"). The Order Form and the EUA shall collectively be referred to as this "Agreement". In the event of a conflict between this EUA and the applicable Order Form, the Order Form shall prevail. This Agreement is entered into on, and made effective as of the Effective Date specified in the Order Form ("Effective Date"). You expressly acknowledge and agree that you, on behalf of yourself and/or your organization ("You" or "User"), are entering into a legal agreement with the D-ID entity listed in the applicable Order Form ("D-ID") (You and D-ID, each, a "Party" and collectively, the "Parties"), and have understood and agree to comply with, and be legally bound by, the terms and conditions of this Agreement. For the avoidance of doubt, any rights and obligations of D-ID hereunder may be executed by any D-ID entity.

You hereby waive any applicable rights to require an original (non-electronic) signature or delivery or retention of non-electronic records, to the extent not prohibited under applicable law.

1. Engagement and Right of Use.

- 1.1. D-ID is the developer and owner of image animation software technology for creating and/or interacting with video animations and/or virtual agents and/voice cloning (the "Software"). User wishes to engage with D-ID to receive a right to use the applicable D-ID product which uses the Software, as set forth in the Order Form (the "D-ID Product"), in order to make use of the D-ID Product solely for Commercial Use (as defined below) and, if such use is expressly determined in the Order Form, in order to make the D-ID Product available to User's customers as a managed services provider, solely as part of User's product (the "User Platform" and "Managed Services", respectively). The "D-ID Product" as incorporated into the "User Platform" shall be referred to as the "Integrated Product".
- 1.2. Subject to the terms and conditions hereunder, D-ID hereby grants User a limited, worldwide, royalty-free, usage-fee based, non-exclusive and non-transferable (except in a permitted assignment as set forth in Section 17 below) right of use during the Term (as defined below) solely to make Commercial Use of the D-ID Product.
- 1.3. If User purchases the right to use Managed Services, then D-ID hereby grants User a limited, worldwide, royalty-free, usage-fee based, non-exclusive and non-transferable (except in a permitted assignment as set forth in Section 17 below) right during the Term to (a) incorporate the D-ID Product into the User Platform and (b) directly and indirectly market and distribute the D-ID Product to User's customers, but solely as incorporated within the Integrated Product and (in each of (a) and (b) above) solely under Managed Services to be provided by User and in connection with User's existing line of business as at the Effective Date. It is made clear that User shall not allow any of its customers to make use of the D-ID Product for providing its own customers with Managed Services.
- 1.4. Notwithstanding the foregoing, in case an applicable D-ID Product is the *Creative Reality Studio*, it is hereby clarified that the use of such D-ID Product pursuant to this EUA by User and/or User's customers (as applicable) is subject to additional terms and conditions with respect to such D-ID Product, which are located at <https://www.d-id.com/studio-end-user-license-agreement/> ("Studio Terms"), provided that in the event of a conflict between this EUA and such Studio Terms, this EUA shall prevail.
- 1.5. Notwithstanding the foregoing, but subject to Section 13.2 below, it is hereby clarified that User and/or User's customers (as applicable) shall own all proprietary rights in and to the Animations (as defined below), and shall be entitled to resell such Animations to any third party and/or use the Animations for any commercial use subject to the terms of this Agreement.
- 1.6. In this Section 1, "Commercial Use" shall mean the use of the D-ID Product for the purpose of creating and reselling Animations and/or any derivative work using the Animations to a third party.

1.7. Applicative Data (as defined in our Privacy Policy linked below) submitted by you for processing in connection with the D-ID Product would be processed using the Software in accordance with your submission parameters (as specified in the Software and/or any related documentation) and our Privacy Policy, which is available at <https://www.d-id.com/privacy-policy/>.

2. Fees and Payment Terms.

- 2.1. Unless provided otherwise in the Order Form, in consideration for the right of use granted to User hereunder, User shall pay D-ID the fees specified in the Order Form.
- 2.2. Unless otherwise stated, all payments made hereunder shall be made in United States Dollars, and without any right of set-off or deduction. All fees paid are nonrefundable, except in case of termination pursuant to Sections 3.2 or 3.3 below. Overdue payments shall accrue interest of one and a half percent (1.5%) per month. All fees payable by User are exclusive of all taxes, including sales, use, excise or value added taxes and withholding taxes where applicable. User shall pay all taxes and duties associated with this Agreement, excluding taxes on D-ID's net income.
- 2.3. All payments hereunder shall be made by User within fifteen (15) days from receipt of an undisputed invoice from D-ID.
- 2.4. User shall be entitled to request from D-ID an upgrade of the purchased right of use ("**Upgrade Request**"). Upon acceptance of such Upgrade Request by D-ID, and subject to signature of an applicable Order Form and to payment of the applicable fees for the upgrade (as provided by D-ID), which shall be pro-rated with respect to the remaining part of the applicable Annual Period (defined below) as of the Upgrade Request date, D-ID shall implement such upgrade ("**Upgrade**").

3. Term and Termination.

- 3.1. This Agreement shall be effective upon the Effective Date and shall continue for a period of twelve months thereafter (the "**Initial Period**"). Each twelve month period commencing on the Effective Date and/or on any anniversary thereof shall be referred to as an "**Annual Period**". The Agreement thereafter, shall automatically renew for successive Annual Periods (each an "**Additional Period**" and together with the Initial Period, the "**Term**"), unless either party provides the other party with thirty (30) days' written notice prior to the end of each applicable Additional Period of its intent not to renew this Agreement.
- 3.2. Notwithstanding the foregoing, this Agreement may be terminated by either party on written notice if the other party:
 - (i) materially breaches the terms of this Agreement, and such breach (to the extent it is capable of cure) is not cured or remedied within thirty (30) days after written notice of the breach is given to the breaching party; and/or
 - (ii) shall become insolvent, cease doing business as a going concern, make an assignment for the benefit of its creditors, or admit in writing its inability to pay debts, or if proceedings are instituted by or against it in bankruptcy, under insolvency laws, or for receivership or dissolution, provided such proceedings are not dismissed within thirty (30) days of their commencement.
- 3.3. Any termination and/or expiration of this Agreement shall also terminate the rights of use granted hereunder and User shall cease all use, marketing and/or distribution of the D-ID Product. User (and its customers) may continue to use all text and/or images and/or videos and/or audio created via the D-ID Product (collectively, "**Animation(s)**") prior to the effective termination of this Agreement and which have already been downloaded by User and/or its customers, indefinitely. Section 4, 7, and 8 hereunder, and shall ensure that the User's customers agree to comply with the Studio Terms (if applicable). User will be fully liable towards D-ID for any damage actually caused to D-ID, from non-compliance of User and/or User's customers with such terms with respect to the D-ID Product and/or the Studio Terms (if applicable). User shall obtain all necessary consents, right and/or licenses (including paying any applicable royalties), if any, to use images and/or text and/or audio and/or video, provided by User and/or its customers ("**User Materials**" or "**Input**") for the creation of the Animations in the Integrated Product and/or otherwise via the D-ID Product, and/or the development of new driver videos by D-ID (when applicable). User will provide the User Materials in accordance with the Image Guidelines provided in [Exhibit A](#) attached hereto. User will not use the Animations for religious, pornographic, fake news, or for any unethical purposes. In the event that User makes a publication that omits the mention of D-ID and is alerted to this fact by D-ID, User shall make its best efforts to cure this by issuing an amendment of the publication.

under this Agreement shall be delivered by email to operations@d-id.com. All communications will be sent to the addresses specified in the Order Form.

Exhibit A

1. If the D-ID Product is the *Speaking Portraits* Product:

Guidelines for images to be processed by the *Speaking Portraits* Product:

1. Minimum face size 150x150 px.
2. The boundaries between the head and the image's edge should be of at least 30% margin (from all sides). In case there are not enough margins, the process will automatically add black padding around the image.
3. Head pose: frontal.
4. Avoid face occlusions, wearables and accessories in the head and neck areas.
5. Good image quality (not dark, blurry, or noisy).
6. Preferably solid background color.
7. Preferably no facial hair (beard and mustache).

2. If the D-ID Product is the *Live Portraits* Product:

D-ID will deliver its Live Portrait technology via a REST API, enabling the animation of still images, based on predetermined video "drivers" provided by D-ID. The animated video output resolution will be 512x512 px, cropped around the head area, compressed into a MP4 format.

Once the API documentation and credentials are delivered, D-ID will escort and advise User's development process for a period of up to 2 weeks.

2a. Guidelines for images to be processed by the *Live Portrait* Product:

2.a.1 Minimum requirements:

1. Minimum face size 100x100 px.
2. The boundaries between the head and the image's edge should be of at least 10% margin (from all sides). In case there are not enough margins, the process will automatically add black padding around the image.
3. Head pose: frontal + up to +/- 20 degrees yaw & roll and +/- 15 degrees pitch.
4. No face occlusions.
5. Reasonable image quality (not dark, not blurry or noisy).

2.a.2 Best practice:

The following guidelines are not mandatory but are strongly recommended in order to produce better looking results. Best results are achieved for "passport like" images.

1. Minimum face size 150x150 px.
2. Image head-boundaries should be of at least 30% margin (from all sides).
3. Head pose: frontal + up to +/- 15 deg yaw & roll and +/- 10 deg pitch.
4. Avoid face occlusions, wearables and accessories in the head area, including eyeglasses.
5. Solid background color.
6. Neutral facial expression or closed mouth.
7. Minimum facial hair (beard and mustache).

2b. Guidelines for Driver videos creation (if applicable):

Filming best practices	
Lighting	Indoor- Daylight Unified lighting: no shadows and no light reflections
Frame rate	15 - 30 FPS (affecting linearly on processing time)
Head pose	Frontal pose + up to +/- 25 deg for yaw & roll, and up to 15 deg for pitch

Background	Static and solid color background
Occlusions	No face occlusions, including eyeglasses or hair over the face
Facial Hair	Preferably no beard and mustache
Margins	Margins from the head to the frame boundaries should be at least 30%
Position	Locate the head in the center of the frame where the whole upper body is captured - from the chest to the hair
Facial expressions	Soft and gentle expressions, it is recommended to not expose teeth at this stage
Camera location	The camera should have a static position and remain stable during the entire film, preferably at the same height of the driver's nose
Resolution	Preferably FullHD-1080p while the driver's face size is ~25% of the frame
Drivers amount	Recommended to film several different persons, males and females, well spread with different age and face shape, in order to let the algorithm choose wisely the best matched driver for each puppet
Infinite loop	In case it's relevant, make sure to strictly limit the driver's movements including eyes-blinking at the first second and the last second of the video. That way it could be seamlessly reversed to the exact beginning position, and started over again, repeatedly, unlimited times.
